- **The Fix:** I find "hidden leaks" in your pricing so you keep the money you make.

### 2. Operations & Supply Chain

- **The Problem:** You have too much stock or keep running out.
- **The Fix:** I sync your buying with your sales speed to keep your business lean.

### 3. HR & People Analytics

- **The Problem:** Good employees are leaving, and it's costing you a fortune.
- **The Fix:** I spot "flight risks" before they quit so you keep your best talent.
